

Telios Law serves businesses, individuals, ministries, and churches, representing them in litigation, investigations, appeals, and alternatives to litigation, as well as giving legal advice on a variety of issues.

Lawsuits. Employment issues. Misconduct allegations. These legal conflicts can leave people divided, morals compromised, and the truth lost. Telios Law creates legal solutions that can help solve conflicts in ways that heal people and preserve their vision, and protect from liability, without compromising belief.

When we practice law in a way that prioritizes healing and reconciliation, it helps our clients build healthy, safe work environments.
